

Pikes Peak Therapeutic Riding Center

Arena Sponsorship

Introducing a new sponsorship opportunity for our great area businesses. The Pikes Peak Therapeutic Riding Center (PPTRC), located at the beautiful Latigo Heritage center averages 85 riders participating in our program per week. These riders are often brought by a caretaker or family members and are instructed by 15 certified instructors and therapists throughout the week. Over 150 volunteers assist these riders to ensure quality and safe equine activities. In total, an estimated 350 people enter the PPTRC arena every week. We are currently inviting local companies to hang their sign in an arena that receives approximately 13,300 impressions per year. This great marketing opportunity may be yours for \$1000 per year.
